Front cover above. Then from inside the magazine (page 47):

PASTA WITH A SLIMMING TWIST We're usually skeptical of new diet foods, but FiberGourmet Light Pasta won us over: It has 40 percent fewer calories than standard noodles (130 versus 210). The pasta was created with FiberFlour technology, so it's packed with zero-calorie fiber. We'd be lying if we said it tastes exactly like the real thing, but it has that same flavor and texture we love.
